Aam Aadmi Party makes a commitment to the People of Delhi to serve and uphold, JUSTICE, LIBERTY, EQUALITY, FRATERNITY enshrined in the PREAMBLE to the Constitution of India as fundamental to our Governance model.

Aam Aadmi Party is perhaps the only political party in independent India that fulfilled a large majority of its election promises made in the last Assembly elections. Some of the prominent promises fulfilled were - world class education system, mohalla clinics, providing free water and subsidised electricity, WiFi, CCTVs and marshalls for women safety in public buses.

Having built the foundation, now is the time to accelerate the pace of development of Delhi. Aam Aadmi Party will not only continue all its pro-people policies such as 200 units of free electricity, 20 kilolitres of free water every month, free bus ride for women, focus on education and health but has also drawn a roadmap to make Delhi a truly world class city in the next 5 years.

The roadmap is divided in two parts: a list of 10 guarantees by Arvind Kejriwal to the people of Delhi, and an extended list of initiatives that will complement the 10 guarantees in building a Delhi of our dreams.

4. TEERTH YATRA FOR 10 LAKH SENIOR CITIZENS: Our senior citizens have spent their entire lives in the upbringing of their children. They are hardly able to fulfill their own wishes such as visit to a holy site of pilgrimage. AAP has taken upon itself to fulfil the wishes of senior citizens. We will take 10 lakh senior citizens in Delhi for Teerth Yatras over the next 5 years.

5. DESHBHAKTI CURRICULUM: Building on the successes of Happiness Curriculum and Entrepreneurship Curriculum introduced in Delhi government schools, Deshbhakti Curriculum will be introduced.

6. SPOKEN ENGLISH FOR YOUTH: We will introduce spoken english, soft skills and personality development classes for students who have completed their schooling from any Delhi school, government or private, in the last 5 years, to raise their employment opportunities and income potential.

We will ensure new appointments of Safai Karmacharis as per the 2011 census of Delhi's population and taking into account the rapid expansion of residential colonies in Delhi.

11. COMPENSATION OF RS 1 CRORE FOR DECEASED SAFAI KARMACHARIS: Safai Karmacharis play the most important role in keeping the city clean. We salute their contribution and shall award a compensation of Rs 1 Crore to families of all those Safai Karmacharis who die while performing duty.

12. NO RAID RAJ: We shall continue providing a free and fair business environment without raid raj to all businesses in Delhi like in the past five years. We will work closely with the trade and business community with a spirit of trust and collaboration to strengthen Delhi's economy.

13. PROTECTION FROM SEALING: We will continue to take all legal and administrative measures to put pressure on the Central government, DDA and MCD to not allow sealing of industries/shops and ensure that the sealed shops are opened.

14. UPGRADATION OF MARKETS AND INDUSTRIAL AREAS: We will allocate adequate funds for infrastructure development and upgradation of market and industrial areas.

AAP will continue to put pressure on Central government to ensure all of Delhi's unauthorised colonies get regularized and home owners get proper registries for their houses.

21. SIMPLIFY CRITERIA FOR OBC CERTIFICATE: The current requirement of having an address proof of Delhi from or before 1993 for being eligible for an OBC certificate is retrograde. 27. LEGAL PROTECTION FOR STREET VENDORS: Delhi will become the first state in India to give legal protection to street vendors and hawkers. We will issue the certificate of vending within 6 months and set up international quality kiosks to prevent the harassment of street vendors at the hands of MCD and Delhi Police.

28. FULL STATEHOOD FOR DELHI: AAP will continue to push for full statehood for Delhi within the Constitutional framework using its social, political and moral authority. Our proposal for full statehood is defined in the draft State of Delhi Bill 2016 brought out by the current AAP government. The draft bill proposes that the New Delhi area (under the jurisdiction of New Delhi Municipal Council) which is of national and international importance, and has only 3% of Delhi's population, be kept under the ambit of Central government. The rest of the areas will transition to a full state. This will bring in overall efficiency and democratic accountability in the administration of the national capital. It will also prove to be a long-term solution for issues like MCD-led sealing, deteriorating law and order, non provision of land for building new schools, colleges, clinics, hospitals etc.
